Please support your child by encouraging them to practise saying the **NAME** of the letters in their phonics book, reading words on their blending cards and helping them to explore and read their school reading book. Approximately 10 minutes every day. Please record how they are getting on in their Reading communication diary.

You can also help your child with their learning this week by..... *encouraging your child to explore halving and sharing fairly between two. This could be by cutting something in half eg. a sandwich or cake as well as sharing a set of objects eg. toy cars/play people with a sibling or grapes/sweets with a friend.*

### **Parent and child challenge for the term!**

*Can you help your child to make a daisy chain as tall as themselves? Now try making a chain this length using the fewest number of daisies. Photograph what you have done and work with your child to display their results in a way they can show us as 'Show and Tell'. Have fun.*

If you have any questions about how to help your child with their learning please see your child's teacher. If you would like to become more involved in school life please see the PTFA website and/or speak to your child's teacher about when/how we can accommodate you. We are always looking at ways to include our parent's in school life.

Best wishes
