

## The Heights Primary School

### Key Stage One Parent Planner: Summer 1 Week 6

Dear Parents/Carers,

This term our theme is: **Messing About On The River**

This week we will be:

English	In English this week we will continue to focus on reading comprehension. We will be reading a range of texts independently, with partners and in small groups. We will write our own questions about the texts we have read for our classmates to answer.
Mathematics	This week we will be working on solving a range of maths problems both independently and in small groups. We will revise measures, geometry, data and statistics as well as problem solving.
Topic	We are looking forward to another Pantomimus session at the beginning of the week where we will be learning some more boat songs from around the world. In PSHE we will be thinking about how each of us is special and talking about what makes our class special. In Music, we will continue to learn the recorder. In PE, we will add throwing shot-put to our athletic skillset. On Thursday we look forward to Giles Andreae's visit. He will be opening the LRC and leading poetry workshops for everyone in KSI.

Please support your child by encouraging them to read every night. It is extremely important to ask them lots of questions and ensure they understand the meaning of unfamiliar words.

Your child will complete a spelling task every Monday. Please help your child to learn these spellings. It is beneficial for children to put their spelling words into sentences.

If your child is on the 'Cracking Times Tables' programme they will have their test on Monday. Your child will know which times tables they need to focus on for the test.

If you have any questions about how to help your child with their learning please see your child's teacher. If you would like to become more involved in school life please see the PTFA website and/or speak to your child's teacher about when/how we can accommodate you.

Best wishes,

The KSI Team
