

The Heights Primary School

Key Stage One Parent Planner: Summer 2 Week 2

Dear Parents/Carers,

This term our theme is: **Messing About On The River**

This week we will be:

| | |
|-------------|--|
| English | This week we will be writing recounts about our trip to The River and Rowing Museum in Henley. |
| Mathematics | This week will be solving mathematical problems based on our trip to The River and Rowing Museum. For example, Toad is 40cm tall. Ratty is $\frac{1}{4}$ of his height. How tall is Ratty? |
| Topic | This week we will be taking the bus to Henley in order to visit the Wind in the Willows exhibition at the River and Rowing Museum. Our work there will inspire our learning for the rest of the week. We will be writing up what we did on our trip, solving problems in Maths and drawing what we observed during our learning walk by the river. We will also be creating art based on our favourite illustrations from The Wind in the Willows story book. On Wednesday we are taking part in an interschool cricket competition. |

Please support your child by encouraging them to read every night. It is extremely important to ask them lots of questions and ensure they understand the meaning of unfamiliar words.

Your child will complete a spelling task every Monday. Please help your child to learn these spellings. It is beneficial for children to put their spelling words into sentences.

If your child is on the 'Cracking Times Tables' programme they will have their test on Monday. Your child will know which times tables they need to focus on for the test.

If you have any questions about how to help your child with their learning please see your child's teacher. If you would like to become more involved in school life please see the PTFA website and/or speak to your child's teacher about when/how we can accommodate you.

Best wishes,
The KS1 Team
