

## The Heights Primary School

### Key Stage One Parent Planner: Summer 1 Week 6

Dear Parents/Carers

This term our theme is: **Amazing Animals**

This week we will be:

English	This week we will continue to research and create fact files for our chosen animals.
Mathematics	In Mathematics we are working on number problems and revisiting 2d and 3d shapes - ensuring we can recognise them and use the appropriate mathematical language to describe.
Topic	We will continue to learn about the six animal groups and will research our upcoming visit to Marwell Zoo (Please do a sun dance for us!)

Wow! Two weeks to go! This week is a very busy one as we have our move up day on Thursday and will then be going to Marwell Zoo on Friday. Miss Hiles and I went for a reccie last Thursday and we know the children are going to have an amazing time. Please ensure your child is wearing their PE kit and has with them a light rain coat and a sun hat etc. The weather is so unpredictable at present so we must plan for all eventualities. They will each need a throw away packed lunch in a named, disposable bag, including two drinks.

We will leave school shortly after 9a.m and will be back by the time school ends.

We have sent out the final spellings and times tables tests for this academic year so the children will take their tests as normal on Monday but will not bring any new ones home.

The end of year reports will be with you tomorrow. We are very proud of the children and all they have achieved this year.

The Year 1 Team ☺
