This term our theme is: Amazing Animals

This week we will be:

English	This week we will be researching and creating a fact file - we don't want to say too much as it will be more exciting for you to come and see what we have been busy doing on our exhibition day (see below).
Mathematics	In Maths we will be working on number recognition to 100 and beyond, continuing our marvellous multiples and working on missing number problems.
Торіс	This week we will be learning about habitats and researching them using the computers and a range of non-fiction texts. We will also be making habitats for the animals we created from plasticine last week.

Happy 4<sup>th</sup> of July! We can't guite believe we are so near to the end of this academic year. It is a mixture of feeling sad (as we hand over our lovely classes to their new teachers) and feeling extremely proud of everything the children have achieved this year. We will begin to discuss transitions and moving on in more detail to ensure the children are ready for Year 2.

It is our exhibition day on **Tuesday 12<sup>th</sup> July**, from 3-4p.m. We would love you to come and spend some time with your child in class. You will be able to see all of the lovely things we have been busy making, creating and learning about. We have some super work to show you! Additionally, you would of course be welcome to visit our other classes and find out about what everyone else has been learning about too.

If your child is on the Cracking Times Table programme they will have their test on Monday and will know which times tables they need to focus on.

The KS1 Team 😳
