Please support your child by practising the sounds in their phonics book, their blending card and helping them to explore and read their school reading book every day for 5-10 minutes using the guide in their Reading communication diary.

You can also help your child with their learning this week by..... *Looking at photos of them as a baby through to the present day. Talk to them about how they have grown and changed. What can they do now that they couldn't when they were younger?*

Parent and child challenge for the term!

Can you help your child to ... find a way transport an acorn across a table? Any photos of your attempts would be welcomed!

If you have any questions about how to help your child with their learning please see your child's teacher. If you would like to become more involved in school life please see the PTA website: and/or speak to your child's teacher about any skills that you have that could be used in school. We are always looking at ways to include our talented parent's in school life.

Best wishes
