

The Heights Primary School
Key Stage Two Parent Planner: Autumn 2 Week 2

Dear Parents/Carers,

This term our theme is: **Fantastic Pharaohs**

This week we will be:

English	Strange things are happening in the Year 3 classroom on Tuesday and a time portal between the class and Ancient Egypt is set to appear! A call for help will be received and the children will be asked to write an information leaflet on Ancient Egypt! We will start to generate ideas and organise them so we can help our new friends!
Mathematics	In maths we are continuing our multiplication and division unit. We will be focussing on multiples of 8 and the 8 times table, remembering that we can double the 4 times table to help us. The children will begin to look at some word problems.
Topic	We are very excited to have received the Ancient Egyptian Tomb Artefacts box and will be looking inside this week! We will be considering what we can learn about history by looking at objects from the past.

We look forward to seeing you at parents evening this week. If you haven't booked yourself in and would like to meet with us both, please make sure you add your name to the forms by the office.

Best wishes,

Mrs Sanigar and Mrs Wells
