

The Heights Primary School
Year 2 Parent Planner: Summer 1 Week 3

Dear Parents/Carers

This term our theme is *Pirates*.

This week we will be:

Maths	This week the children will be focussing on solving a range of reasoning problems so we feel more confident when tackling them independently. We will be looking at these problems in groups and independently.
Art	This week in Art we will be looking again at shells and creating a group piece of art based around the work of Micheline Robinson. We will start by doing some mindful colouring based on her work and linked to maths before creating our group pieces of art.
Reading	In the run up to SATS we will be focussing on reading in our normal English slot. This week we will be looking at longer text examples and getting the children used to the stamina they will need. Later in the week the children will be making a poster for how to answer questions accurately.
Science	In science this week we will be planting sunflower seeds and setting up our sunflower diaries.

The children in Year 2 have now started the Cracking Times Tables scheme. Every Monday they will have three minutes to answer times table questions. Each child should know exactly which tables they need to practise at home during the week. Help at home with this will enable them to be successful.

Please support your child by encouraging them to read at home every night. It is extremely important to ask them lots of questions and ensure they understand the meanings of unfamiliar words. Please record this in their record books that are collected in every day.

If you have any questions about how to help your child with their learning please see your child's teacher.

Best wishes,

Miss Kennedy and Mrs Mullaney
