

## The Heights Primary School

### Key Stage Two Parent Planner: Summer 1 Week 2

Dear Parents/Carers,

This term our theme is: **Super Structures**

This week we will be:

English	This week we will introduce a new focus story 'Jim and the Beanstalk'. We will be exploring the main characters in detail and we will use drama to help us empathise with them. We will also be writing in role.
Mathematics	We will continue to work on time with a focus on recording, reading and writing times in seconds, minutes and hours. We will be comparing times written with these different units and ordering them. Later in the week we will be looking at the 24 hour clock.
Topic	This week, we will be looking at our focus artist Monet and the techniques he used to paint structures such as bridges and buildings. We will explore these techniques ourselves and aim to imitate his style.

We hope you had a wonderful Bank Holiday weekend!

We are excited about our cake sale this Thursday 4<sup>th</sup> May. We hope to raise funds towards our forthcoming 'Master Builders' Lego Workshop. Any donations of cakes or biscuits will be gratefully received on Thursday morning. Additionally, if you would like to help on the stall, please let either teacher know. We look forward to seeing you there!

In PE this term, the children are playing rounders and we hope to field a team to play a match at Cranford House on Monday 12<sup>th</sup> June. The children have been tasked with familiarising themselves with the rules of rounders in preparation for this.

Finally, please remember to bring recorders in on Wednesday morning.

Best wishes,

Mrs Sanigar and Mrs Wells
