

The Heights Primary School

Key Stage Two Parent Planner: Summer 1 Week 3

Dear Parents/Carers,

This term our theme is: **Super Structures**

This week we will be:

English	We will be spending time this week looking in more depth at our story 'Jim and the Beanstalk' and will be exploring the events using drama and role play. We will be rewriting the story trying in our own words with a focus on subordinating conjunctions and fronted adverbials.
Mathematics	We are going to look at place value of 3-digit numbers and the different ways to represent them. We will be ordering numbers and rounding them. We will also be learning about the place value of numbers when dealing with money and will be solving money problems.
Topic	This week, we will develop our geography skills by mapping where in the world the Super Structures we are interested in are positioned. We will use the internet and atlases to help us do this. We will continue to look at our focus artist Monet and spend time finishing the paintings we started last week.

Thank you so much for the amazing support we received for our cake sale. We raised over £160 which almost covers the cost of the Lego Workshop! It was fantastic to see the children so enthusiastic about selling cakes, working out change and helping to count up all the money to work out the final total. Please don't forget to collect any tins or stands this week.

Please can we ask that all children have trainers in school for PE on a Monday and Wednesday and for the days that your child is participating in clubs, thank you!

Lastly, please remember to bring recorders in on Wednesday morning.

Best wishes,

Mrs Sanigar and Mrs Wells
