

The Heights Primary School

Key Stage Two Parent Planner: Summer 1 Week 4

Dear Parents/Carers,

This term our theme is: **Super Structures**

This week we will be:

English	We are still focussing on the story Jim and the Beanstalk and this week we will be creating an alternative ending for it. We will spend time exploring the new events, writing the story and using our editing skills to make improvements.
Mathematics	In maths we will look at written methods for addition and will revise using the compact method. We will aim to apply this to word problems and to support us in carrying out an investigation into palindromes. We will subtract using a number line to count backwards and forwards.
Topic	We are hoping to visit the Reading and Caversham Bridges this week where we will learn some history about our locality. We will be taking photographs and making sketches for our art project too. Fingers crossed for good weather!

We would be grateful if PE kits could be brought into school on Mondays. Over the coming weeks we may need to have a little flexibility with our afternoon lessons on a Monday and Tuesday. Thank you for your support with this. Also, please remember to bring recorders in on Wednesday mornings.

We are very excited about our Super Structures Lego Workshop which is taking place on Thursday of this week. Due to the amazing success of our cake sale, we are asking for a voluntary contribution of £1 to cover the remaining costs. Please bring this to school with you on Thursday morning. Keep your eyes open for a separate Parentmail about this.

Best wishes,

Mrs Sanigar and Mrs Wells
