

The Heights Primary School

Key Stage One Parent Planner: Summer 1 Week 2

Dear Parents/Carers

This term our theme is: **Amazing Animals**

This week we will be:

English	In English this week we will be following instructions to make a snake and then writing a set of instructions using time connectives.
Mathematics	In Maths this week we will be focussing on place value and making addition calculations. We will learn about thousands, hundreds, tens and ones and work practically to further develop our knowledge of the number system.
Topic	This week we will be learning about Judaism and looking at some special artefacts. We will be sorting animals into the six animal groups and talking about their similarities. We will focus on Africa in art and will be making safari silhouettes.

This week the children will be working in their Learning Jotter books each morning when they come in to school. They have been enjoying this very much. Please try and ensure your children are in school promptly so they have the opportunity to participate in this valuable additional learning time.

As we (hopefully) head towards some warmer weather, please ensure your child has a sun hat and water bottle in school every day. Many thanks!

The Year 1 Team ☺
