

The Heights Primary School

Key Stage Two Parent Planner: Summer 2 Week 2

Dear Parents/Carers,

This term our theme is: **Super Structures**

This week we will be:

English	In English we will be starting our persuasive writing unit. We will be looking at the features of adverts and designing our own advert for a Lego Super Structures workshop.
Mathematics	This week we will be adding and subtracting. We will use our written methods to add three and four 2-digit numbers. We will use estimation to help us solve problems. We will also be subtracting, focussing on counting forwards using a number line to calculate change using money.
Topic	We are excited to visit the Wind Turbine this week! We will have a tour around the site and learn about the importance of renewable energy. We will gain some inspiration for building our own wind turbines in DT!

We have a very busy week this week.

Some children are travelling to **Cranford House School** on **Monday** for a **rounders tournament**. The rest of the class will be learning about our sports day events so they will be ready to train up the rest of the class on their return! Please make sure you have your **PE kits on Mondays**. Thank you to the parents who have volunteered to help transport the children!

The **Wind Turbine visit** is on **Tuesday** this week. The weather forecast is looking good for the trip, but please keep an eye on things can change. Payment for travel costs is set up on **ParentPay**. Thank you to those who have already paid.

Lastly, please remember to bring recorders on **Wednesday**!

Last week we learnt about telling time to the nearest minute. Please practise this with your children as often as possible as it is a key skill in Year 3. Thank you!

Best wishes,

Mrs Sanigar and Mrs Wells
