

**The Heights Primary School**

**Year One Parent Planner: Summer 2 Week 2**

Dear Parents/Carers

This term our theme is: **Amazing Animals**

This week we will be:

English	This week the children will be completing their Phonics Screening where they will read 40 nonsense (alien) words and real words. We have been working towards this in Phonics all year and we're sure that the children will do their absolute best like they do in everything. During the rest of the week we will be continuing our research on animals, concentrating on their habitats and creating our posters.
Mathematics	In Maths we will be learning more about volume and capacity. On Friday we will be doing some more exciting problem solving.
Topic	In Science we will be learning about the human body and labelling all the main parts. We will be using a new program in Computing this week and putting our coding skills into action. In Geography we will be writing facts about the different continents in our continent booklets. We will use what we found out from researching habitats to begin creating our animal habitats in Art.

Maths at home - Please could everyone practise counting from 0 to 100 and from 100 back to 0.

Thank you,

Miss P-F and Miss Hiles
