

The Heights Primary School

Key Stage Two Parent Planner: Summer 2 Week 5

Dear Parents/Carers,

This term our theme is: **Super Structures**

This week we will be:

English	This week we will be completing our final drafts of our persuasive letters and we will be handing these over to Mrs Edwards in the hope that we can change her mind!
Mathematics	In maths we will be dividing numbers just beyond our tables knowledge and calculating remainders using an empty numberline.
Topic	Our afternoons this week will be dedicated to Art in celebration of whole school art week! We are delighted to welcome Mrs Mackereth into school to complete a 'London Skyline' project with the children. We will also be completing some Kandinsky inspired artwork as a collaborative group project!

We are really looking forward to our visit to **The Earth Trust** on Monday and will try to take lots of photos to share on our Twitter account.

On **Tuesday**, we are delighted to welcome Thomas to our class and extend a warm 'Heights' welcome to his family too. Spellings will be sent out on this day as we are on our trip on Monday.

On **Wednesday**, we will be attending the Cello concert in our school hall, performed by our budding Y3 cellists.

On **Thursday** afternoon, we are looking forward to welcoming you into school for our Art Exhibition. More news about this will follow in a separate Parentmail. Cracking times tables will take place on this day.

Friday is an INSET day so we hope you all make the most of the long weekend!

Best wishes,

Mrs Sanigar and Mrs Wells
