

The Heights Primary School  
Year 4 Parent Planner: Autumn 1 Week 2

Dear Parents/Carers

This week our themes are:  
All about me  
Living Things and their Habitats

English	The children will complete their autobiographies, edit and then publish them to go on display alongside their self-portraits. The children will be looking at non-fiction texts linked to our Habitats and Living Things topic.
Maths	The children will be revising and consolidating their knowledge of place value. They will be developing their understanding of negative numbers and the value of these numbers. They will be completing number sequences involving negative numbers and some children will also be adding and subtracting negative numbers.
Topic	The children will continue to explore Guatemala but their main focus this week will be on Habitats and Living Things. They will be classifying living things with a focus on vertebrates by using keys.

The children will be bringing home their cracking times tables book this week. Going forward the children will bring this home on a Monday, it will stay at home during the week and need to be returned on a Friday when they will be tested.

If you have any questions about how to help your child with their learning, please pop in and see me.

Best wishes,

Mrs Thomas
