

## The Heights Primary School

### Year One Parent Planner: Autumn 2 Week 5

Dear Parents/Carers

This term our theme is: **The Great Fire**

This week we will be:

English	This week we will be continuing to learn to recite the poem 'Twas the night before Christmas off by heart. We're finding it very tricky but our actions are helping us to remember the different parts. On Wednesday we will be completing another Pobble challenge where the children will be asked to independently write a story after discussing a photograph for inspiration.
Mathematics	In Maths this week we will be making our own repeating patterns using shapes and colours. We will also be looking for patterns in a 100 number grid and finding patterns in number sequences to help us find missing numbers.
Topic	In History, we will be talking about Samuel Pepys and why his diary was so important. The children will be drawing a picture of what they think Samuel Pepys saw from his window back in 1666 and will also write their own extract from Samuel Pepys diary. In Science we will be finding out more about the weather and making our own weather poster.

**PE Kit** - Please can you make sure that your child has the following named items in their PE kit; long warm jogging bottoms, PE socks, PE T-shirt, PE jumper and trainers. If your child's trainers get muddy please could you get rid of as much mud as possible before your child brings them back into school.

**Christmas Concert** - Please could you send your child's Christmas Concert costume in by Monday as we have a dress rehearsal to the whole school on Tuesday morning. If your child has lines to learn for the Christmas Concert please could you practise these at home.

Best wishes,

The Year 1 Team
