## The Heights Primary School Year 4 Parent Planner: Spring 2 Week 2

Dear Parents/Carers

☆

This week we are looking forward to our dance workshop on Wednesday. The children will need their P.E. kit for this and will be expected to dance in bare feet unless they have non-slip socks. World Book Day is on Thursday when the children may come dressed as their favourite book character.

## This week our themes are: Romans and Sound

| English  Linking in with 'The Butterfly Lion' the children have researched the use of animals in a circus and will be taking part in a debate after which they will cast a vote. They will then be writing letters to the government asking for a ban of the use of animals in UK circuses.  Maths:  Last week the children enjoyed measuring with rulers and meter sticks and converting between different units of length. This week the children will be exploring perimeter and area.  Topic  In topic the children will be learning about Roman baths.  Thank you to all the parents who helped with our mosaics during the watch us learn session. We will continue these this week and let you know when we've finished so you can pop in and see the end products. We will be starting our Science unit on 'Sound' this week and making links to DT and music. In DT we will be designing and making musical instruments and in music we will be composing a Roman song and representing the music with musical notation.  Our focus in PSHE will be Healthy Me. | Kontans and Sound |   |
