

The Heights Primary School
Year 4 Parent Planner: Spring 2 Week 3

Dear Parents/Carers

I hope you all enjoyed your three-day weekend and had some fun in the snow. It was lovely to see so many of you on the trail of the scarecrows.

This week our themes are:

Romans and Sound

| | |
|---------|--|
| English | The children will be exploring Roman myths and writing their own versions using fronted adverbials and thinking about dialogue. Next week they will write their own myth. |
| Maths | The children will be revising and consolidating their learning on measure including: <ul style="list-style-type: none">• solving problems involving money;• measuring accurately with a ruler to the nearest mm;• converting between 12 hour and 24 hour times;• solving time problems. |
| Topic | In topic the children will be learning about Hadrian's wall including what life for a Roman soldier at the wall would have been like. We continue to press on with our mosaics in Art, they are really coming together now. Last week in Science the children explored sound, we did some class role play to act out how sound travels from its source to our ear and then to our brain. This week we will continue to develop our learning on sound vibrations and will develop our understanding of pitch and volume. We will start to think about how we could make our own musical instrument. Our focus in PSHE continues to be Healthy Me. Last week the children explored friendship and identified friends as contributing to us having a healthy mind. This week we will develop this further. |

Looking forward to seeing you at our parents' evenings on Tuesday 6th March and Thursday 15th March.

Just a reminder that you can follow us on twitter @mrsthomasy4.
