

## The Heights Primary School

### Year One Parent Planner: Spring 2 Week 4

Dear Parents/Carers

This term our theme is: **Spectacular Space**

This week we will be...

|             |  |
|-------------|--|
| English     | We will be learning how to write instructions this week and the children will write their own instructions to make their Planet Cake Pops.   |
| Mathematics | We will be revisiting Fractions with the children. The children will be recognising quarter and half of different shapes. We will also be finding a quarter, a half and a third of different quantities too.   |
| Topic       | It's Science Week and we are very excited about sharing some Science experiments with the children this week.<br>On Wednesday we will be having a Space day. The children will be making their own Solar System with cake pops. The children will be making the mixture (which the teachers will bake in our Cake Pop Machine) and decorating their eight planets with different coloured icing. |

**Water bottles** - Please send your child to school with a water bottle everyday so that your child can stay hydrated.

**PE Kit** - We still have a few items missing in some children's PE Kits. Please make sure they have everything they need. (Long warm jogging bottoms, PE socks, PE T-shirt, PE jumper and trainers (That have as much of the mud removed as possible)

**Reading at home** - Please continue to read every day at home with your child and record this in your child's Reading Record. It's important that your children are regularly practising their comprehension, fluency and expression as well as decoding words.

**Maths at home** - Please can you ask your child to practise their Position and Direction skills from last week. Ask them to make  $\frac{1}{4}$   $\frac{1}{2}$   $\frac{3}{4}$  and whole turns in different directions.

**Trip to the Winchester Planetarium and Science Museum** - Thursday 22nd March - We are very excited about our rescheduled trip next week.

Best wishes,

The Year 1 Team
