

## The Heights Primary School

### Year One Parent Planner: Spring 1 Week 4

Dear Parents/Carers

This term our theme is: **Spectacular Space**

This week we will be:

English	In English we will finish writing our Solar System Booklets. We will be using non-fiction books to learn facts about each of the planets in our solar system. We will also be learning how to create a contents and index page.
Mathematics	In Maths we are learning about Multiplication. The children will learn what Multiplication means and we will use a range of practical activities to support the children's understanding. We will also learn to count in 2s, 5s and 10s.
Topic	In History this week we are learning about the lives of significant individuals who have formed part of the Space Race. We will learn about Katherine Johnson. In Art we will be learning about and creating our own constellations. In Science we will continue to look closely at plants and will learn about growth.

**P.E:** Please ensure your child has **socks** and trainers in their P.E kit. Children will not be able to participate in P.E unless they have a full kit. PE kit should be sent in for the whole week on a Monday.

**Maths:** We will continue to do capacity when we have a dry, warmer day to complete this outside. Thank you to everyone for sending in bottles and containers.

**Uniform:** Please ensure your child's uniform is named as we are finding a lot of items that we cannot return to their owner.

Thank you,

The Year 1 Team
