

The Heights Primary School

Year 5 Parent Planner: Spring 1 Week 6

Dear Parents/Carers,

This term our theme is **To Infinity and Beyond!**

English	In our English lessons this week, we will be writing picture books about Katherine Johnson to share with Early Years on Thursday.
Mathematics	In Mathematics, we will be doing some revision for our assessment. After the assessment we will be going through them and identifying areas to improve.
Topic	<p>In Science, we will be considering water resistance and streamlining in boats.</p> <p>In Art, we will be evaluating our Peter Thorpe designs.</p> <p>In PSHE, we will begin to link this half term's topic of Dreams and Goals to next term's topic of Healthy Me.</p> <p>This term, children will be doing Geography with Mrs English on a Tuesday afternoon before PE. This week, they will be looking at planning routes using maps.</p>
Information	<p>Hopefully you will have seen this week's spellings. We always aim to collect the spelling books that haven't gone home and ensure they do at the end of the day. This week, we are looking at words with 'y' with the sound of 'i'. As well as these words, your child has 5 additional words which they have recently been unable to spell in a spelling test. After Half term, spellings will be done on a Monday to ensure they are marked and new spellings set on a Tuesday.</p> <p>We won't be cracking times tables this week in place of benchmarking, but please keep carrying on with Times Tables Rockstars, the progress has been brilliant.</p> <p>Reading records collected: Monday. PE: Tuesday and Thursday (potentially other days) Spellings: Friday</p> <p>If ever you have any questions, please feel free to come and speak to me after school. I will always be able to speak with you or arrange a meeting for longer chats.</p>

Have a great week 😊

Mrs Bareham and Mr Gillick
