

The Heights Primary School

Year 3 Parent Planner: Spring 1 Week 5

Dear Parents/Carers,

This term our theme is: **Stone Age Rocks!** This week we will be:

English	This week we will be looking at a reading comprehension together. We will be revising how to answer questions in full sentences and carefully answering questions using the text to help us. At the end of the week, we will be completing some grammar work focusing on the possessive singular apostrophe and determiners.
Mathematics	In maths this week, we will be looking at money. We will be using converting pounds to pence, comparing values of money, adding amounts of money together and then using this knowledge to help us solve a variety of word problems.
Topic	This week we will be continuing to look at how Stone Age people created clothing and jewellery for themselves and beginning to create our own pieces of Stone Age jewellery. In science, we will be sorting rocks according to their properties using a branching key diagram.

Thank you for continuing to ensure your child has a pair of wellies in school, it has meant that they have been able to go out and play at play time. As we are continuing to experience extreme wet weather, we really appreciate your continued support with this.

Swimming lessons continue on Fridays so swimming kit and warm clothing will be needed. Music lessons will continue after half term.

If you have any questions, please don't hesitate to pop in and see us

Best wishes,

Ms Ford, Mrs Harrison, Mrs Sanigar and Mrs Wells
