

## The Heights Primary School

### Year 3 Parent Planner: Spring 2 Week 1

Dear Parents/Carers,

This term our theme is: **Stone Age Rocks!** This week we will be:

English	This week we will be introduced to our new text, Stig of the Dump. We will be predicting what will happen in the story and role playing the first chapter. At the end of the week we will be looking at adverbials that show time, reason, manner and place and using them to up-level our sentences.
Mathematics	In maths this week, we will be revising telling the time to the nearest 5 minutes. We will be converting between analogue and digital times. <b>We have just completed our unit on money and the children have really enjoyed using plastic money to help them solve problems. It would be fantastic if you could continue to support your child with their learning by experimenting with loose change. Additionally, we are now beginning a unit on time and it would be great if the children could practise telling the time at home as much as possible as this is another key skill in Year 3.</b>
Topic	This week we will be looking at the Bronze Age and where it fits on a timeline. We will also be introduced to and learning about the Beaker people. In science, we will be continuing to test the properties of rocks using fair tests.

Welcome back! We hope you all had a fantastic holiday and are feeling well rested.

Please could you continue to ensure your child has a water bottle in school at all times. It is also really important that everything that's brought into school is named.

Swimming lessons continue on Fridays so swimming kit and warm clothing will be needed. If your child is not continuing with violin after half term, they will need to bring in a recorder on Wednesday mornings.

Best wishes,

Ms Ford, Mrs Harrison, Mrs Sanigar and Mrs Wells
