The Heights Primary School
Year 3 Parent Planner: Summer 2 Week 1

Dear Parents/Carers,

Welcome back! We hope you all had a wonderful break! This term our theme is **Superstructures.**

English	This week we will be looking at newspaper reports. We will be identifying the purpose, structure and key features of newspaper reports. We will go on to look at what quotes are and how they are used and punctuated within newspaper reports.
Mathematics	In maths this week, we will be introduced to the grid method and how we can use it to help us solve multiplication questions involving a 2-digit or 3-digit number. At the end of the week, we will be solving scaling problems, using the grid method to help us.
Topic	This Thursday, both classes have their Lego Superstructures Workshop run by Kate and Clare from Master Builders club. We will learn techniques for building our own superstructures as well as developing our team work and problem solving skills. In science, we will be learning about the dangers of the sun and how we can protect ourselves from harmful UV rays.

PE for Year 3 will continue to take place on **Tuesday** and **Wednesday** afternoons. We are happy for kits to come in on a Monday and go home on a Friday. If your child comes home in their PE kit, please can you ensure it comes back in the next day particularly if they have after school clubs (it doesn't need to be washed, just bagged up).

Violin and recorder sessions will continue on Wednesday mornings. Please can violins or recorders continue to be brought into school **every week**.

As we start to enjoy some warmer weather, please ensure that your child has a **named** sunhat and water bottle in school. Also, sun cream needs to be applied before they come to school in the morning.

If you have any questions, please don't hesitate to pop in and see us

Best wishes,

Ms Ford, Mrs Harrison, Mrs Sanigar and Mrs Wells
