

AMAZING ANIMALS

The Heights Primary School

Year One Parent Planner: SUMMER 2 Week 4

Dear Parents/Carers

This term our theme is: **Amazing Animals**

This week we will be:

English	In English we will putting together all of our notes about our animals and writing them up neatly for our non-chronological report. We will be focussing on the presentation and the layout of the reports as well as punctuation, grammar and sentence structure. We will be learning why and how non-chronological reports are used.
Mathematics	In Maths we will be recapping repeating patterns and creating our own. We will also be revisiting multiplication and division using practical resources to find out the answer to number sentences.
Topic	We will be learning about herbivores, omnivores and carnivores and identifying different animals that belong to these categories. We will continue exploring animal habitats and have some hands on sessions looking at different habitats found around the world. In D.T., we will be creating our own habitat for our chosen animals using the designs that were planned last week. In P.E, we will be doing some final preparation for sports day focusing on skipping and throwing.

Sports day: It is Sports day on Thursday! Please remember to send the children into School in their P.E kits. Please apply sun cream to the children in the morning. Please also ensure that the children have water bottles, sun hats and light raincoats (just in case).

PHSE – We will be looking at our changes bodies, how girls and boys bodies differ, how we develop and grow and the changes that we all experience. Please can you speak to your class teacher if you have any questions or concerns.

English: Please can you take time to practise the spelling of Common Exception Words as per the attached list. Here are just a few fun ways to do them at home; chalk, writing on the ground, water writing on a hot day, rainbow writing, searching for them on cereal packets or signs, spotting them in story books and treasure hunts.

Reading – Please ensure that reading books and reading records are brought to school each day so that children can change their books. Please record, in their reading records, when you have heard them read.

You can support your child by encouraging them to read at home every night. Little and often is best. It is important that you ask them lots of questions such as:

What is happening? Talk about what has happened on each page.

What does that word mean? Discuss the meaning of unfamiliar words.

Can you think of a similar word to big? Use a thesaurus to find a synonym e.g. huge.

What do you think will happen next? Why do you think that? Ask children to make predictions and explain their thoughts.

How do you think the characters are feeling? What has made them feel that way? Discuss the character's feelings.

Where is this story set? Have you read another story with the same setting? For example 'We're going on a bear hunt' by Michael Rosen and 'The Gruffalo' by Julia Donaldson are both set in the woods.

Which type of book is this? Fact or fiction? Is this book a story book or a Non-fiction book? How do you know?

Non-Fiction – Tell me a fact you've learnt from this page / book. Discuss the importance and relevance of the glossary, index and contents page.

Ways to encourage reading with your children.

- Be seen – Make sure you are seen reading. Keep books and magazines handy so that you can be seen enjoying reading.
- Make time – Have a special place or a special time when you read together.
- Get out – Go to your local library and find books you loved to read as a child.
- Make it fun – Enjoy reading together. Give characters funny voices.
- Read everything out loud! – Books, poems, newspapers, magazines, food labels... anything!

Thank you,
The Year 1 Team
