HECTOR'S HIGHLIGHTS

Achieving Success Promoting Individual
Responsibility and Excellence

15th May 2020 – Issue 223

Dear Parents, Carers and Pupils,

I'd like to start by wishing Mrs Thomas, Mr Gillick and Mrs Loveday a Happy Birthday for their special birthdays this week and next. Also to Mrs Edwards's youngest daughter, who had what she is calling her 'COVID-19th birthday' and that's one that she won't forget. Many happy returns also to all the children who have had birthdays this week.

Well, it's been another interesting and challenging week, to say the least...

I mean, Mrs Edwards brought her dog Peppa into school on Monday and when we thought Peppa was rubbing noses with Matthew the Meerkat, she was actually chewing it off! What a shock and nightmare, I know that will be distressing for many of you! Mrs Edwards has promised that she will sew his nose back on. Oh, and

there's also been some news about schools possibly re-opening... Anyway... enough about that, because it doesn't involve me enough... ahem. OW! Alright!! Mrs Edwards has just nudged me really hard in the ribs and said

that she and Mrs Fallon had a lengthy and positive meeting with Parent Class Reps yesterday and that they all discussed different details of plans for the possible re-opening and these will be passed on to you all.

Honestly, I don't know what the fuss is about. I mean, as soon as everyone comes back, I'm probably going to have to battle to retain my newly obtained Senior position and role. Hrmph!!

Reception

Freya, I loved reading about your yoga session based on 'The Twits'. Jonah, your work on number bonds is impressive. Reuben, your finger spacing in your writing certainly is great and Oscar, I love your Darth Vader outfit for your Home Schooling. Tess, I really enjoyed watching your 'Grow, Grow, Grow' Dance and reading your spider web story, Lucy. Maisey, it looked like you had a lot of fun pretending to be a growing bean and Hamish, I didn't know your favourite dinosaur is a Mosasaurus. Have you played Dinosaur Top Trumps? We have it at Mrs Edwards's home and I played it with her last week!

Year 1

Elliott, you should be proud of yourself with all the handwriting practice you've been doing and what kind of Lego did you get for your birthday? Wow, Mrs Morgan, you DID find a lot of creatures in your mini beast hunt! Georgia, thank you so much for sharing your news and photo of your guinea pig, Starlight.

Year 2

Gwen, I love the pictures of the Starfish and dumbo octopus you are writing your non-chronological reports about and can't wait to read them! Bella and Sophia, your fish poems are great and Wow, Alekh, what a fantastic map of the world! Mrs Loveday, thanks so much for sharing news of your Dawn Chorus walk. It sounds like an amazing experience! Theo, I'm so glad you enjoyed reading the Night Pirates too.

Year 3

You're all clearly enjoying your Superstructures topic this term! Izyaan, your drawing of the largest building in the world, the Burj Khalifa is really good. As Mrs Sanigar and Mrs Wells have said, it's wonderful that you've been able to visit it too. Kit, your suspension bridge model is fab! How long did it take you to make? Thanks for showing your drawing of the New York Bridge over the Hudson River Oscar. Wow, Mrs Harrison and Mrs Kingshott. The pictures of your VE Day celebrations are amazing! Imogen, I can't wait to see how quickly your sunflowers grow and Daisy, your paintings are gorgeous. River, what a great mini model of the Eiffel Tower.

Year 4

Xav, I LOVE the Thor Hammers you've made out of wood and Annabel, your photos of your tortoise are fun. Tula, I was pretty shocked at how many cars and vehicles your recorded on the roads in just one hour and to read all the sad facts from Misa about how plastic is harming the environment. Sam C, what a lovely picture you drew for Mum and your model car (with instructions) is brilliant! Congratulations for receiving your Pen Licence Piper! Great quiz Rishi, and well one for learning to snip, fill and outline in PowerPoint all by yourself! Thanks for sharing your Winter poem, Oscar - it made me feel like it was Winter and Sara, your orienteering sounds like great fun!

Year 5

Emily, I really enjoyed reading your facts about Greece and I'm loving the different quizzes you're posting in Year 5. Amelia, Tom S and Ameya - well done! Sophie L, I can't wait to see photos of your chicks and Jenna, thanks so much for sharing the science tricks on your Blog. Professor Fallon is looking forward to leading her KS1 and KS2 Science Assemblies over the next couple of weeks.

Year 6

Mr Cook, your facts get stranger by the day! I did NOT know that Banana Plants shoot growths that pull them along the ground and that they can move as much as 40cm over their lifetime. Wow! I've also learned that a group of Porcupines is called a 'Prickle'. Amazing!

Have a lovely weekend everyone and do keep posting your news!

Lots of bearhugs,
Hector
